

New Federal Rule Extends Odometer Disclosure for Used Vehicles 2011 and Newer

Effective January 1, 2021, there is a new rule for odometer disclosure statements. Vehicles of model years 2011 and newer are subject to an odometer disclosure for 20 years instead of 10 years. This means the odometer reading must be disclosed at the sale of a 2011 vehicle until 2031.

Beginning January 1, 2021, the Laramie County Clerk's office will not accept paperwork for sales of vehicles 2011 or newer unless the odometer disclosure has been completed. The new rule applies even if the existing title states the odometer disclosure is only required for vehicles of model years 10 years or older.

Here are some simple guidelines to comply with the rule:

- If the vehicle is a 2011 model or newer, the seller must enter the current mileage in section #2 of the title upon sale of the vehicle.
- If the vehicle is a 2010 model or older, the seller may leave section #2 blank or enter the current mileage if they would like it to be reflected on the title.

For more information on the new odometer disclosure rule, see
